FDA ATTENTION: Docket #98N-1038

0890 '99 JUL 16 A11:15

RE: Labeling or irradiated foods

Dear Sir or Madam:

I am a cancer victim and it is most important that I know what I am consuming. With all the chemotherapy and radiation I've had, it is necessary for me to consume only organic non-irradiated foods. If you quit labeling what is irradiated and what is not, I will have no way of knowing.

PLEASE do not prevent the labeling of irradiated foods.

Thank you,

Judy Bentley
